PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience building and shipping production-grade web applications. Currently advancing expertise through the ITI 9-Month Open Source Program. Holds a B.Sc. in Computer Science and a proven track record of delivering client-ready solutions spanning PHP/Laravel and Django backends, modern JavaScript frontends (React/Angular/Vue), and Linux-based deployments.

EDUCATION

Oct 2025 – Present **Professional Training Diploma** — ITI, Minya, Egypt
Open Source Application Development Track

- **Laravel & Vue.js Full-Stack Project** [Backend · Frontend] — Engineered robust RESTful APIs with secure authentication and data validation, integrated seamlessly with a responsive Vue.js Single Page Application (SPA). *Stack: PHP, Laravel, Vue.js, MySQL, Pinia, Bootstrap.*
- **Medica** [Repo] — Developed a complete clinic management system featuring role-based doctor/patient dashboards, automated scheduling, and medical report endpoints. *Stack: React.js, Django, SQLite.*
- **AnguMart & NodeMart** [Frontend · Backend] — Built a scalable E-commerce platform combining a reactive Angular frontend with a secure Node.js/Express backend and MongoDB data layer. *Stack: Angular, Node.js, Express.js, MongoDB, RxJS.*

Sep 2021 – Jun 2025 **Bachelor of Science in Computer Science** — Faculty of Computers & Information, Minya University, Egypt
Department of Computer Science · GPA: 3.29 / 4.0

- **Graduation Project: Epilepsy Prediction & Monitoring App** — Smart healthcare mobile application for epilepsy patients featuring medication management, seizure tracking, and an AI chatbot with structured Q&A knowledge base for instant medical guidance.

WORK EXPERIENCE

May 2025 – Present **Freelance Full-Stack Developer**

- Engineered and delivered production-grade web applications for clients across procurement and distribution domains using PHP, Python/Django, and modern JavaScript frameworks.
- Diagnosed and resolved critical deployment failures on Ubuntu/Apache environments, including server misconfiguration, permission errors, and PDO runtime exceptions.

CERTIFICATIONS

Aug 2023 React JS — Mahara-Tech (ITI Platform)
Aug 2023 Modern JavaScript: ES6 and beyond — Mahara-Tech (ITI Platform)
Aug 2023 TypeScript Fundamentals — Mahara-Tech (ITI Platform)

TECHNICAL SKILLS

Languages: Python, PHP, JavaScript, TypeScript, HTML5, CSS3, SQL, C++
Frameworks: React.js (v19), Angular, Vue.js, Redux, Laravel, Django REST, NestJS
Databases: MySQL, PostgreSQL, SQLite, MongoDB
Tools & OS: Linux (Ubuntu), Apache, Git & GitHub, RESTful APIs, Postman, Bash
